

Homemade Pumpkin and Oatmeal Treats

YIELD: MAKES 2 DOZEN

This is a good treat for dogs with liver problems. Don't over do, giving treats to a dog. With a dog that has liver problems try serving four to six smaller meals not two big sized meals a day. The parsley will help clear the bloodstream and liver of toxins.

3/4 cup canned 100% pumpkin

1 cup oat flour

2/3 cup rolled oats

3 tablespoons parsley

1 egg, beaten

Preheat oven to 300°F. Put pumpkin in a large bowl, then add oat flour, oats, parsley and egg and stir well to combine. Set aside for five minutes. Roll mixture into 24 balls, using about 1 teaspoon dough for each; transfer to a large parchment paper-lined backing sheet. Use the back of a spoon or heel of your hand to press each ball into a (1½- to 2-inch) coin. Bake until firm and golden brown, 40 to 45 minutes. Set aside to let cool completely. Store in airtight container in refrigerator.
